ANTI-LYNCH BILL FAILS-THE RESPONSIBILITY.

ANTI-LYNCH BILL FAILS—THE RESPONSIBILITY.

The efforts on the part of a few public spirited effizers to make Missoni'il safe place it which to live, failed during the extra season of the Fifty-first General Assembly of Missouri Legislature, because the party leaders failed to redeem their pledges.

It will be remembered that both the Republican and the Democrat party leaders pletiged their party's support against lynching in their present property. The Beauty of the Secondary of the Secondary Secondary Figure 1. The editor of the Set. Louis Argus made several trips to Jefferson City prior to, and thring the Special Session. We discussed the subject with many of the law-makers and party leaders. The general sentiment was that the Anti-Lynching Bill was for the sole benefit and a trovo to the Negroso of the State. Few, if any seem to see it other than a ravial measure. All of which was wrong Tracing the Responsibility for its defeal further, it may be properly placed upon the shoulders of the Republicans who were in sufficient majority in both houses to pass any bill they so desired. The fact of the matter is, the leaders of the Republican playty did not want such a law on the statute books at this time. The reason why, is up, to them to explain it the public. To-bessure Governor Hyde, is despined with his promise, recommended sitch legislation to the Special Session, but the leaders of the party failed. Notther Speaker O'Fallon on President of the Sentat Hiram Lloyd showed any interest in the bill.

Yes, we are soroly disappointed. We as a group were especially interested in the anti-lynching bill because it is we who suffer most at the hands of the mobs. The defeat of the bill by a Republican House and a Republican Sente makes us feel fire the man who was "Salin in the house of his friends."—See.

MAYOR KIEL'S ADDRESS TO SHRINERS.

Those who heard Mayor Kiel deliver an address of Welcome to the Shriners at the Gayet Theatre a few days ago, say it was "pretty nice talk." We appreciated his address until he told his hearers that but for the loyalty of the Colored vote which had supported him for three times, he would not be Mayor of St. Louis at this time. We were thinking while the was talking, just how much it really meant to him to be Mayor of St. Louis at this time. We were also thinking tikaling his own words for it,' how much the Negroes of the city had done for my words for it,' how much the Negroes of the city had done for for Mayor Kiel, and just how little he had done for ms. If the Colored people, by their vote has made him mayor, the least he could do for them is to give them one of his personal appointments. But the Mayor has not seen fit to do that. He that's, to give a Negro one of his personal appointments would be incomediate before the control of the state of the colored popular to the most be before he was the state of the colored popular to him again until he makes up his mind to do something for us.

Yes, his space was pretty nice, but to the intelligent St. Louisians, who have heard him before, his words were meaning-less as lower as he fails, to keep his promise.

Yes, has not made one personal appointment from among the vace during his over eight years in other colored people of the City. He has not made one personal appointment from a mong the vace during his over eight years in office. If you on the ears of those who know you, as "sounding brass or tinkling symbol."

THE GROVE IN WASHINGTON PARK AND ITS USE.

In response to many urgent requests that we provide a
place for outdoor recreation and fully realizing the need of a suitable place, away from noise and clatter and dust, in fresh, free
country environments, easily accessible, yet far enough off the
beaten path to insure privacy and seclusion; in which churches,
lodges and fraternities may have their outings, the founders of
Washington Path Arbe set aside a beautiful natural grove consisting of 20 acres, all shaded by majestic forest trees and carpeted with blue grass.

Washington Park contains 75 acres. The grove is in the
northern portion, unificiently distant, so as not to disturb or in
any way to conflict with the peacodal quiet and sacredness of the
burial grounds.

The Grove is open daily and uo charge in made for the
use. A shelter house is in course of construction, and benches,
tables, stands and swings have been installed. Family parties,
and made gatherings may come mit mit fine without netice. THE GROVE IN WASHINGTON PARK AND ITS USE.
